

## *Harvest Update 2020*

First, the Derecho Storm event and then SNOW on October 17th followed by a new record setting event - the "Snow Squal" on October 19th.

What a year!

We are thankful that soybean harvest is finished and we have about a week of corn harvest yet to go.

Construction of the new grain bin is under way and making good progress.

We thought you would enjoy some photos of what  
"Farming in Central Iowa" looks like right now.
